Figure 1. The effect of the concentration of the polymer solution on the apparent viscosity of the polymer solution at different shear rates. The apparent viscosity increases with increasing the concentration of the polymer solution. The apparent viscosity also decreases with increasing the shear rate.

(INDIVIDUAL)

1. The first part of the document is a list of names and addresses, which are arranged in a columnar format. The names are written in a cursive script, and the addresses are written in a more formal, printed style. The list includes names such as "John Doe", "Jane Smith", and "Robert Johnson", along with their respective addresses.

Figure 1. A schematic diagram of the experimental setup. The subjects were seated in a dimly lit room and viewed the screen through a mirror. The screen displayed the target and the starting position of the hand. The subjects were instructed to move the hand from the starting position to the target position. The distance between the starting position and the target position was 10 cm. The subjects were instructed to move the hand at a constant speed. The subjects were instructed to move the hand from the starting position to the target position. The distance between the starting position and the target position was 10 cm. The subjects were instructed to move the hand at a constant speed.

Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a video screen. The screen displays a target (a red dot) and a starting point (a green dot). The subject's hand is positioned at the starting point. The distance between the starting point and the target is 10 cm. The subject is instructed to move their hand from the starting point to the target. The video screen is positioned 40 cm from the subject's hand. The subject's hand is positioned at the starting point. The distance between the starting point and the target is 10 cm. The subject is instructed to move their hand from the starting point to the target. The video screen is positioned 40 cm from the subject's hand.
